

Urdu

(Composite Language)

The Composite course of languages provide an opportunity to students to be in touch with the language culture of their mother tongue and also to develop the classic literary taste of the language of their liking. The composite course of Urdu language for Std. IX and X is designed and based on the criteria that Urdu plays an important role in the maintenance and preservation of composite culture of the country and that the national feeling of a free democratic country nurtured among the Indians during the previous two centuries through Urdu literature have to be made known to the younger generation. Urdu has therefore to continue, spreading message of love and integration through its passages meant for students' reading. Care has therefore been taken to highlight this character of the language and also to maintain the continuity of Urdu composite course prescribed at the vernacular stage.

Objectives

To enable the student's to

1. read the simple passages of the text and of the news material relayed and published in the media.
2. be well conversant with the cultural nibeties of the language in order that they impress the listeners during conversation and verbal expression.
3. create an urge among students to know and learn more about the language.
4. develop the oral skill, to speak grammatically correct language and write it with correct orthography.

5. be aware of the rich cultural impact of the language in Indian society encouraging them to strive to use the language as a powerful instrument of preservation of national integration.
